FESTIVAL OF LITERATURE AND ARTS - KELLS

26 - 29 June 2025

**Join the Friends of Hinterland and
support the festival at its roots.**

Our Festival needs Friends to make it happen.

Our committee are well into planning our 13th festival, and look forward to another wonderful 4 days filled with debate, discussion, inspiration, laughter and friendship.

Central to all of that are our Friends, Patrons and Benefactors, Hinterland would not be what it is without you, and it wouldn't happen without your support.

This support enables us to realise our Vision for the festival: *that Hinterland will be a festival that brings the people of Kells together with the finest writers in the world to inspire a marketplace of ideas and imagination, to build community involvement and wellbeing, and to shape a new and confident identity for Kells as the international centre of creativity, and allows us continue with our Mission: to produce a programme of events of international quality, that will support and develop local artists, develop the town through a creative use of space and programming, and support the local economy by encouraging local spending and attracting international visitors.*

As well as the warm good feelings that come from the knowledge that your backing ensures the continuance of the Festival, membership comes with benefits. Here are the details on what you can expect as a Hinterland Friend, Patron or Benefactor.
